

Coloring Page

Hey Kids!

As you color this page, think of
all the different uses for water.
Since we all live downstream,
let's help keep it clean!

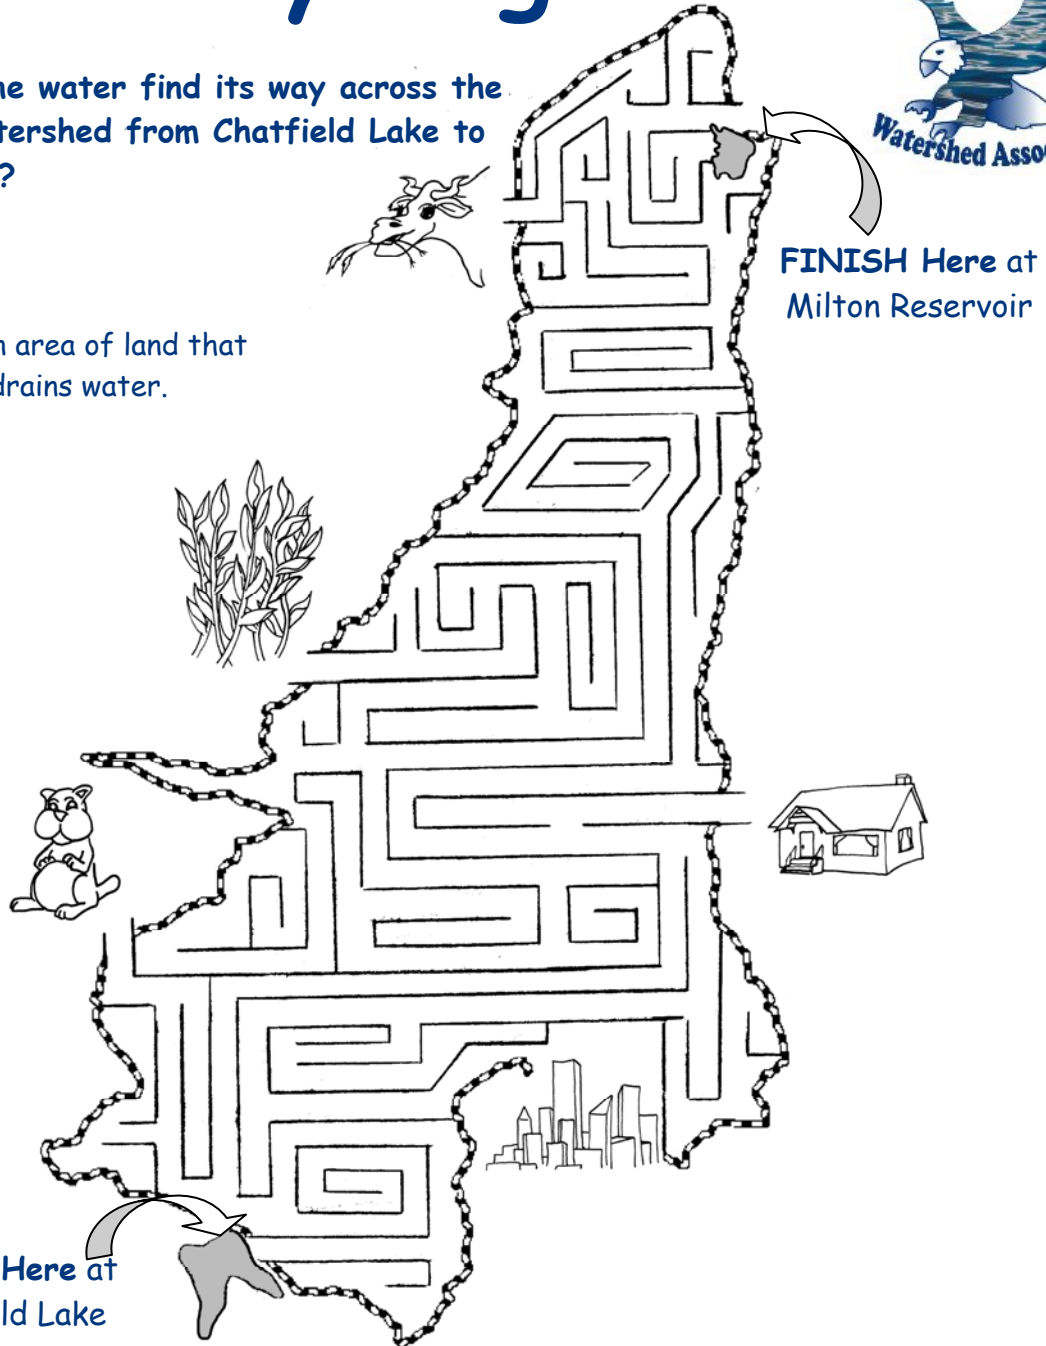

Activity Page

Can YOU help the water find its way across the Barr-Milton Watershed from Chatfield Lake to Milton Reservoir?

A watershed is an area of land that "sheds" or drains water.

Barr-Milton Watershed Trivia: Fun facts about the area where you live...

- 1) How many people do you think live in the Barr-Milton Watershed?
2.5 MILLION people live in the watershed right now, there might be as many as 4 MILLION by 2030!
- 2) How many dairy cows do you think are in Weld County?
About 60,000!
- 3) An endangered species is a plant or animal that is in danger of becoming extinct. How many endangered species do you think are in the Barr-Milton Watershed?
There are SEVEN endangered species!
- 4) What percentage of the watershed do you think is used for agriculture?
55%! That's a little over half the amount of land in the watershed.
